Ownership and items

The seller declares the right to sell the described items. The accepted list, dimensions, material, colour, equipment and photographs form part of the agreement. Any third-party rights are disclosed in writing.

Inspection and condition

The parties record whether the furniture is new or used and its wear, known defects and damage. The buyer records the inspection performed. Acceptance of the condition does not restrict mandatory statutory rights; an additional warranty applies under its written terms without limiting those rights.

Handover and additional work

The parties specify the place and deadline, disassembly, carrying, transport and assembly, including responsibilities and costs. Access, floor, lift and loading conditions are clarified before transport. The condition, parts, documents and payment at handover are recorded in a report.

Payment and records

Payment follows the agreed amount and deadlines and is documented. If the seller acts as a business, invoicing and consumer obligations are checked according to the seller's status and applicable law. Changes are documented in writing. Disputes are subject to the relevant law and jurisdiction in North Macedonia.
